

Application No. 10/520,625
Reply to Office Action of June 27, 2006.

IN THE SPECIFICATION

Please amend the Title on page 1 as follows:

~~WOOD-LIKE MOLDED PRODUCT, MANUFACTURING APPARATUS FOR THE SAME, AND MANUFACTURING METHOD OF THE SAME~~ WOOD-LIKE MOLDED PRODUCT

Please replace the paragraph beginning at page 1, line 5, with the following rewritten paragraph:

The present invention relates to ~~a wood-like molded product, a manufacturing apparatus for the same and a manufacturing method of the same~~ a wood-like molded product.

Please replace the paragraph beginning at page 39, line 7, with the following rewritten paragraph:

The ~~amounts~~ amount of the wood waste material ground powder J with a mean particle size of 300 micron meters and inorganic pigment with a size of several micron meters ~~are~~ is measured as ~~appropriated~~ appropriate with an automatic measuring device of a load-cell type, fed into the blending mixer 108 pre-heated by an oil heat adjusting device, and stirred at a temperature of 175°C while generating heat by self heating (frictional heating). At this time, by feeding inorganic pigment from the inorganic pigment feeding portion 109 into the blending mixer 108, the inorganic pigment is coated around the wood flour (wood portion) of the wood waste material ground powder.

Please replace the Abstract at page 90 with the following rewritten Abstract:
